

Template for ICAE2018 Abstracts

First Author¹, Second Author², Third Author¹

1. Institution, City, State, Country, email address
2. Institution, City, State, Country (In case the authors are from different institutions)

Thank you for submitting an abstract to be considered for presentation at the 16th International Conference on Atmospheric Electricity. ICAE2018 provides a platform for researchers from all over the world to present discoveries, exchange ideas, reacquaint with colleagues and make new friends.

Please submit your abstract (within 400 words) through the web page of ICAE2018 no later than 1 October 2017. When you submit your abstract, please choose the session topic and type of presentation to be appeared in the corresponding boxes of the web page.

Your abstract should be completely contained on one 8.5" x 11" (21.6 cm x 27.9 cm) page, with at least 1" (2.54 cm) margins along every side. For text, you may choose Arial, Helvetica, or New Times Roman font. The presentation title should be in bold font on the first line of the page (16 point). Skip one line and list the authors (underline the planned presenter) and give contact information for at least one author (affiliation and email address) (12 point). Skip one more line, and enter the main text of the abstract (12 point).

The notification of abstract acceptance will be sent by January 15, 2018. If your paper is accepted for presentation, you will be requested to send an extended abstract by 1 April 2018.

We hope you will enjoy the conference in Japan's historic city, Nara.
